

Unforgettable Memories
at the *Touch* of Your Finger

PF810

8" Digital Photo Frame

With an intuitive LED lighted touch-sensitive menu interface built into a lustrous gloss frame with a classic fashion motif, the PF810 makes an elegant addition to any room or office.

The PF810 screen is extra-bright and offers a photo-friendly 800x600 (4:3) resolution, which is the perfect shape for displaying family portraits, vacation pictures, and more. It also features an automatic rotation sensor and intelligent color processing that displays photos in astonishing clarity and detail.

A versatile combination of multimedia playback and extra features such as an alarm clock, FM radio, electronic calendar, and a full 2GB of internal storage, the elegant PF810 digital photo frame is much more than an ordinary picture frame.

Touch-Key Menu Interface

PF810

8" Digital Photo Frame
